### TALLADEGA MAN DIES IN BURNING HOME.

Talladega, Ala., Feb. 23.—The body of C. Lee Stockdale, local postoffice employee, was found burned to a crisp in his burning home early Monday morning.

Mr. Lee is believed to have died of heart failure. Neighbors discovered about 4:30 that the home where Stockdale lived alone was on fire. A hurried search of the house brought them to the bathroom which was locked. The fire was burning more fiercely here than elsewhere, it is said.

This made further search impossible until the fire department arrived.

When the bathroom was broken into, Mr. Stockdale's badly charred body was found in the bathtub, head against a gas water heater.

The water had been turned off, but the heater was still burning. The heater was red hot. It was from this fire, it is said, that the blaze started. For a number of years, Mr. Stockdale had suffered from heart trouble.

He had recently returned from Hot Springs, Ark., where he went for his health. It is said that he usually took a hot bath when his heart troubled him. It is believed that he died from heart failure and that the fire occurred some time after. Mrs. Stockdale died less than a year ago. Mr. Stockdale is survived by a sister and a brother.

## BAPTISTS COLLECT \$58,500,000 IN CASH

Final Report on 75 Million Campaign Issued by General Headquarters.

### NEW PROGRAM PROJECTED

Men of Churches Will Assist in Enlisting Membership More Fully—Conferences Planned in States.

Total cash collections on the Baptist 75 Million Campaign, which closed finally in December, amounted to \$58,500,000. It is reported by the general headquarters. This money came from the following states: Alabama, \$2,717,461.62; Arkansas, \$2,310,672.92; District of Columbia, \$275,747.98; Florida, \$1,000,438.30; Georgia, \$5,282,623.24; Illinois, \$677,575.81; Kentucky, \$6,434,159.87; Louisiana, \$1,041,045.52; Maryland, \$759,408.52; Mississippi, \$3,076,655.00; Missouri, \$2,448,661.24; New Mexico, \$708,124.80;

DR. J. T. HENDERSON, Secretary Laymen's Movement

North Carolina, \$5,171,049.83; Oklahoma, \$1,011,222.83; South Carolina, \$4,732,700.22; Tennessee, \$3,860,111.13; Texas, \$8,720,101.50; Virginia, \$6,727,778.80; Home Board special, \$15,240; Foreign Board special, \$85,100; total contributed by foreign churches directly to Campaign \$350,000.

Contributions for the five years represent nearly four times as much as was given in the preceding five years to missions, education and benevolence, the officials of the movement say.

Campaign Gains Set Here. Other gains of the campaign period include the organization of 1,890 new churches; baptism of 50,543 converts; organization of 513 Sunday schools with a total of 467,831 pupils; an increase of \$52,847,288.00 in the value of local church property and contributions to local church objects.

In addition to Campaign funds of \$144,675,550.00.

In the special departments of work fostered by the Campaign the following typical results are noted: 205,000 persons baptized by state mission workers; 225,000 converts baptized by representatives of the Home Mission Board; entrance into 80 new countries and the doubling of foreign field forces.

Foreign field forces in the foreign mission field; putting more than \$100 million into the denominational schools as had been invested there in all the years before the Campaign was launched; increasing the number of Baptist hospitals in the South from 12 to 24 and giving \$100,000 in free medical and surgical service to the deserving poor; raising the number of Baptist orphanages from 17 to 41 and caring for 1,000 homeless boys and girls and adding more than 3,000 aged, worn-out preachers and their dependent ones.

New Program Projected. With the 75 Million Campaign finished, Southern Baptists have now entered upon the 1925 Program which embraces the support of state, home and foreign missions, Christian education, hospital, orphanage and ministerial relief, on the basis of year by year rather than a five-year subscription. It is hoped to raise this year a minimum of \$15,000,000 among Southern Baptists for these causes or the equivalent of the goal for a single year in the former movement.

It is pointed out that only 37.5 per cent of the members of Baptist churches of the South M. S. is a definite share in the support of the 75 Million Campaign. It is the ideal of the 1925 Program to enlist every member of every church in doing at his own level church service, to every cause, according to his ability, through his church treasury.

With the hope of more fully enlisting the Baptist men of the South in definite Christian service, the new movement of the Laymen's Missionary Movement of the Southern Baptist Convention, is promoting a series of men's conferences in the majority of the Southern states during March. In this way it is hoped to bring before the men the needs of all religious enterprises, centered by Southern Baptists and having informed them of the work in their adequate support of all these causes.

### Liberty News

Spring is here again, trees are beginning to bud and violets are blooming, and a cool wave is sweeping over us.

There is a lot of sickness, and it is such a busy time with us, that the attendance at school is very small. It is a pity for the children to be out of school for they have such a short term out here in the sticks. But just "go to it," boys and girls, where there is a will there is a way.

Last Friday night the death angel came and called Mrs. Giles Bryan from this world of affliction to a better world. She had suffered so much, but God worketh all things well. She leaves a large family. We join with the many friends in sympathy with the family over their sad loss.

The many friends of Mr. and Mrs. J. L. Kendrick regret very much that their son, Charley, is quite sick.

## Arnold Tells of Progress of Cotton and Pig Clubs; Gives Notes on Hairy Vetch Fields; This Will Be Great Year For Diversification

Quite a number of schools have mailed in lists of pupils applying for membership in the cotton and pig clubs, and if there are others that want to join, kindly have them fill in the membership cards which we are having mailed to each school this week. Also have the students who have already enrolled to sign their cards that will be mailed them personally as we will make a final bona fide list of the county membership from these cards that we get back signed by the members.

We wish to express our appreciation for the kindly assistance and co-operation on the part of the teachers of the county in helping with the organization of clubs in each school district. We are trying to make the school the center of all community activities, and the school principal the advisory leader in each district.

Professor E. A. Grimes at Danley's Cross Roads School has done a splendid piece of work this spring both with the boys and girls. He has organized his girls into a poultry club, made arrangements for some good eggs and has seen to their delivery. Prof. Grimes has also taken great interest in both the cotton and pig clubs. Surely this teacher has the broad perspective of his mission in the field of education, and is actively striving to build up his community in every way possible.

## Letters To All Members

Two weeks ago we mailed our first general instruction to all club members. This week we are getting out a second letter to all so far enrolled in the pig and cotton clubs. Enclosed in this letter will be a membership card which we want all members to sign and return in first mail so that your name may go immediately to Auburn and listed on the State Club Roll, from which time every member will receive regularly information, bulletins and Club News Letters from Auburn.

## Notes From Hairy Vetch Fields

Last fall we encouraged a number of farmers to sow hairy vetch seed for their first time. We stated that if given a fair trial this vetch if turned under the 10th of April would add as much nitrate to the soil per acre as 400 pounds of nitrate of soda. Now of course we had a bad season last fall to seed the vetch and a great many did not get a stand till the rains in early December. Consequently the vetch is late, and you will have to let it stand later in the spring to make up for lost time last fall.

There is not a field in the county where a good stand was obtained but what will pay big dividends if left till it gets in full bloom. Don't be in too big a hurry to plow it up. Give the vetch a fair show and it will do the rest.

## A Great Year To Diversify.

There may have been years in the past when the diversified farmer felt that he lost money by doing safe farming, but it will not be in 1925. Every acre planted to peanuts, cow feed, hog feed, sweet potatoes, cane, and every kind of crop that grows in this section will pay for itself and more. We are prepared to make this statement from a basis of facts in hand. We do not believe in cutting the cotton acreage entirely out, but we do say plant fewer acres in cotton, and diversify as high as you have been, and your cotton dollars will be larger in number next fall.

## CARD OF THANKS.

To all who so kindly assisted in the reception of my dear wife who died last Saturday at West Palm Beach, Fla., and was brought back to Enterprise for interment, I wish to express my many thanks and appreciation. No. are no words adequate in language to describe my feeling toward you. I regret so much that I can't send a message to each of you at this writing and tell how kindly her old friends received her remains and how loving hands attended to the comfort of the dear little children and husband left alone to mourn her loss.

Not that other people would not have done the same for us, but we feel under lasting obligations to Mr. and Mrs. A. M. Brock for their kindness in their home. God has no blessings in heaven too rich for them. To all who remembered her with flowers as a token of their remembrance of her life, and respect for her bereavement, I want to tender my appreciation and when I reach the golden beach of God's eternal shores, I shall ask for reservations in the best apartments in my Father's kingdom. While I shall go back to West Palm Beach with the little boy and girl to remain for awhile at least, I shall not forget all her friends.

His wife and children and a number of friends were present at his death.

The funeral service was conducted at Mount Pleasant Church, Coffee County, by Dr. Folsom, of the Headland Ave. Church of Dothan, and Rev. T. W. McKnight, of Elba, both offering glowing tributes to his memory.

Mr. Talley was reared in Dale County, having been born December 10th, 1862. He attended school at Daleville where he was a patient, hard working student. He began preaching at the age of 17 years, and was in active service in the churches in Coffee and Geneva counties for a number of years. He always had a cheerful greeting for all whom he met.
